Global Enterprise Model
- Zafiro
Using innovation...

- **Grade Mix**: Seniority and experience mapping to service expectations
- **Location Mix**: Sets an optimal mix of delivery locations
- **Competency Model**: Competency levels and appropriate management within each job family
- **Global Process Model**: Best-practice processes with integrated controls and performance measures
- **Technology**: Market leading technology solutions across P2P, C2C and R2A
- **Pricing**: Pricing models matched with business outcomes in line with overall strategy
- **Governance**: Governance framework with the right level of interaction and decision making
... to deliver first-class outcomes to our clients
