- the subscription of Capgemini shares by VALMINCO, a simplified joint stock company (société par actions simplifiée) with a share capital of €37,011.75, headquartered at 17 Cours, Valmy, 92800 Puteaux, and registered with the Trade and Companies Register of Nanterre under number 950 34 5181, would be carried out on December 18, 2017, it being understood that issuance of shares to VALMINCO will be carried out on the basis of the eighteenth resolution of the General Shareholders’ Meeting dated May 10, 2017, which authorizes the capital increase of the Company in favor of a banking institution acting at the Company’s request for the implementation of a subscription formula proposed to employees and corporate officers of the companies related to the Company under the conditions set forth by Articles L.225-180 of the French Commercial Code and L.3344-1 of the French Labor Code and the corporate headquarters of which are located outside of France, providing an economic profile comparable to the subscription formula offered to Group employees within the framework of the transaction carried out pursuant to the aforementioned seventeenth resolution;

(ii) set the subscription price for the shares to be issued, in accordance with, respectively, the seventeenth and eighteenth resolutions adopted by the General Shareholders’ Meeting of the Company of May 10, 2017 as follow:

- considering that the average of the volume weighted average price (VWAP) of the CAPGEMINI share, as published on the Bloomberg CAP FP EQUITY VAP website, during the 20 stock market trading days preceding the Chairman & Chief Executive Officer’s decision of November 15, 2017, i.e. from October 18, 2017 to November 14, 2017 (inclusive), amounts to €102.16 (the “Reference Price”);

2. Further details regarding the transaction

Framework of the transaction

In a press release dated September 20, 2017, the Company specified that this fourth international share ownership plan, proposed to approximately 97% of the employees of the Group, aims to associate all employees to the Capgemini development and performance.

The shares were subscribed to either directly or through a FCPE, in accordance with applicable regulatory and/or tax legislation in the various countries of residence of the beneficiaries of the capital increase.

Employees subscribed to Capgemini shares within the framework of a unique subscription formula called leveraged and guaranteed, allowing the employees to benefit from a guarantee on their investments made into this plan. In certain countries, employees will be allocated Stock Appreciation Rights (“SAR”) by their employer, the amount of which will be indexed in accordance with a formula similar to the one offered under the leveraged formula; a specific subscription formula was also proposed in the United States of America to take into account the applicable regulatory and tax legislation.

Subscribers to the offer shall hold either the shares subscribed to directly, or the corresponding units of the FCPEs, for a five-year period, except in the event of an authorized early exit.

Other characteristics of the transaction

The reservation period of the shares (at an unknown price), during which the employees and corporate officers of the Capgemini Group could request to subscribe, was opened from September 25 to October 15, 2017.

A subscription period, during which subscription requests made during the reservation period could be withdrawn, was opened from November 16 to 19, 2017 (inclusive), after communication to the beneficiaries of the subscription price established by the decision of the Chairman & Chief Executive Officer dated November 15, 2017.

Having taken into account all subscription requests, a reduction of the subscription requests has been made. Thus, all of the shares that may be issued within the framework of the transaction, or 3,600,000 (three million six thousand) shares will be subscribed to. The number of subscribers equaled to 28,782 employees, or 15.4% of the eligible population, and similarly to the previous ESOP plans, the transaction was oversubscribed to in the amount of 124%.

The newly-issued shares will be fully assimilated with the existing ordinary shares comprising Capgemini’s share capital. These shares will bear benefit entitlement as of January 1, 2017.

The request to list the newly-issued Capgemini shares to trading on the same line of Euronext Paris (ISIN code: FR0000125338) as the existing shares will be made as soon as possible following the completion of the capital increase scheduled to take place on December 18, 2017.

3. Impact of the issuance of 3,600,000 shares on the stake of holders of shares and securities, their shareholders’ equity per share and the theoretical impact on the market value of the share price.

3.1 Impact on shareholders’ stake in the share capital of the Company
For illustrative purposes, on the basis of the share capital of the Company at June 30, 2017, or 169,149,580 shares, the impact of the issuance of new shares on the stake of a shareholder holding 1% of the share capital of the Company prior to, and not subscribing to, the issuance would be as follows:

<tr>
<th>Shareholder stake (in %)</th>
<th>Non-diluted basis</th>
<th>Diluted basis (1)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Before issuance of the new shares resulting from the capital increase</td>

<td>0.98 %</td>
</tr>
<tr>

</tr>
</tbody>
</table>

(1) Calculations are made assuming the delivery of the 3,544,400 performance shares granted on June 30, 2017 (assuming that all the performance conditions will be satisfied).

3.2 Impact of the issuance on the consolidated shareholders’ equity per share

For illustrative purposes, the impact of the issuance on the consolidated shareholders’ equity attributable to owners of the Company per share (calculations based on consolidated shareholders’ equity attributable to owners of the Company at June 30, 2017, and the number of shares comprising the share capital at June 30, 2017 after deduction of treasury shares) would be as follows:

<table>
<thead>

3.3 Impact of the issuance on the statutory shareholders’ equity per share

For illustrative purposes, the impact of the issuance on the statutory shareholders’ equity per share of Capgemini SE (calculations based on statutory shareholders’ equity attributable to owners of Capgemini SE at June 30, 2017, and the number of shares comprising the share capital at June 30, 2017 after deduction of treasury shares) would be as follows:
(1) Calculations are made assuming the delivery of the 3,544,400 performance shares granted on June 30, 2017 (assuming that all the performance conditions will be satisfied).

3.4 Theoretical impact on the stock market value of the Capgemini share

The theoretical impact of the issuance of 3,600,000 shares at the issuance price on the stock market valuation of the Capgemini share is calculated as follows:

Share price before the transaction = the average of the listed closing prices of the Capgemini share during the 20 stock market trading days preceding the fixing of the issuance price (calculated as the average of the closing share price between October 18 and November 14, 2017, inclusive). This price amounts to 102.12 euros.

Theoretical share price after the transaction = ((the average of the listed closing prices of the Capgemini share during the 20 stock market trading days preceding the fixing of the issuance price x the number of shares before the transaction) + (the issuance price x the number of newly-issued shares)) / (the number of shares before the transaction + the number of newly-issued shares).

The issuance price of the reserved capital increase is set at 89.39 euros.

Accounting for these assumptions, the theoretical post-transaction stock market value of the Capgemini share amounts to 101.85 euros.

It is recalled that this theoretical approach is provided for illustrative purposes and does not predict future evolutions in the share price.
